PASSING EVENTS OF VITAL IMPORTANCE TO THE RACE

With The Senate and The House of Representatives of Missouri

By Rev. Earl J. Dodson

The Fifteenth General Assembly of the above named state, which convened at the capitol, recently there were introduced into the House a bill, No. 355, having for its purpose the abolishment of the resources of the State of Missouri. This exhibit is to be near the City of St. Louis, and will take place at a convenient time, after all conditions have been made known. It was introduced by Representatives Tarr, Jones and Parlin. It provides for an appropriation through the sale of stocks to the amount of \$2,000,000, so that the expense of the abolition may be met.

Prof. J. S. Harris of Kansas City upon reading the bill, at once condemned it with the most emphatic of the House and explained to them that the colored people should not be in the bill, they too, might be made to feel before the people of Missouri the hand of the abolitionists of the race. The result of the conference resulted in a unanimous vote to be offered which was adopted, thus when the commission is appointed to provide for the abolition there will be two members of the race named, and a Ladies Board of officers will be appointed along with the others in person such duties as shall devolve upon them. In addition thereto, an appropriation such as will be necessary to meet the expense of the same.

In a non-seditious exterior soon to take place in this city, many of the distinguished men of the State, and from elsewhere will appear. The dates are set for March 27-28. Hon. J. B. A. Overland of St. Joseph, Hon. Nelson C. Crane and Dr. Thompson, Clerk of Kansas City, which is a host of others will speak in the House on the night of the 27th. Governor McPherson has promised to be present on this occasion, also Speaker S. F. O'Fallon. A number of the representatives will deliver addresses, whether while in session in this city. The gathering has for its purpose the illustrating of legislation favorable to the race. Many bills have been introduced, but there is need of healthy criticism from our people. It is our duty, then it is our duty that as many as possible be present. The local committee has arranged for the entertainment of all who come, and the program promises to be of very interest. We shall expect every race for the men who can, to be on hand. Expense will not be over \$1.50 per day.

Southern Whites Fear Returning Soldiers

MOBILE, Ala., March 21.—The return of soldiers from France is coming, deeply concerned about the attitude of the regime Negro soldiers the Birmingham News today in a column editorial, under caption "Returned Negro Soldiers." "Some Words of Sobriety," "The Negro soldier," "It is to be feared that in any case of friction is liable to arise in the South between the two races." "It is an old story, however, that the white people in a crisis are liable to forget the lessons of the past. The colored soldiers have come back with their hands clean, but they believe themselves to be worthy the greatest consideration in all respects, and that they are entitled to equal consideration in ways they did not see before service in the army."
